

LOgic Semantics Tutor

Problem: Semantics are hard to visualise.

Solution:

- ▶ Display a structure
- ▶ Display a signature
- ▶ Evaluate a valid sentence within the structure

This project will change the world!

Supporting logic:

- ▶ The butterfly effect is true.
- ▶ If the butterfly effect is true then anything can change the world
- ▶ If something can change the world then it will change the world

Supporting logic:

- ▶ The butterfly effect is true.
- ▶ If the butterfly effect is true then anything can change the world
- ▶ If something can change the world then it will change the world
